**Thank you for your support of the osteopathic medical profession!**

American Osteopathic Association  
Census of the Osteopathic Medical Profession  
Major and Minor Practice Foci

Major practice focus is the area (many DOs say Specialty) of your practice in which you spend the majority of your professional time. You may or may not be board certified in this area. Your minor practice focus is the area in which you spend a significant amount of your professional time, but not the majority of your professional hours.
